

Moving with Smart Home Tech Checklist

How to take your smart home devices with you, securely adopt second-hand devices, and set a foundation for your first smart home.

01 Existing Smart Home Devices

List all owned smart home devices and indicate whether you are taking them with you or leaving them behind.

Tip: Devices that you are planning to leave behind should be factory reset.

Name, Type, Make, Model	Taking	Leaving	Factory Reset
-------------------------	--------	---------	---------------

02 New Smart Home Devices

If your new home comes with new smart home devices, list them and indicate they have been factory reset and/or whether ownership has been transferred to you.

Name, Type, Make, Model	Transferred	Factory Reset
-------------------------	-------------	---------------
